

EUROPEAN U R B A N INITIATIVE

Consulting Local Authorities
Poreč, Croatia – 23 May 2024

Co-funded by
the European Union

A circular diagram with two white arrows forming a continuous loop. One arrow points clockwise from the top, and the other points counter-clockwise from the bottom. The text "European Urban Initiative" is centered within the circle.

**European
Urban
Initiative**

**COHERENT SUPPORT FOR
CITIES**

3 EUI strands

EUI is a European Union instrument and is managed by the European Commission's DG Regional and Urban Policy.

EUI has a total **ERDF budget of €450 million** for 2021-2027.

The European Urban Initiative is an essential tool to support cities of **all sizes**, to build **capacity** and **knowledge**, to support **innovation** and develop **transferable** and **scalable** innovative solutions to **urban challenges of EU relevance**.

**Innovative
Actions**

**Capacity
Building**

Knowledge

Capacity Building

➤ One target

- EU cities of all sizes involved or interested in **Sustainable Urban Development** (SUD) within Cohesion Policy

➤ Two objectives

- **Improve the capacities of cities** to design and implement SUD strategies, policies and practices in an integrated and participative way
- **Improve the quality of the design and overall implementation** of SUD strategies, policies and practices

➤ Three activities

Knowledge

- **Ambition:** to share and capitalise on knowledge on sustainable urban development; and to provide accessible know-how information on urban matters
- **Capitalisation** carried out through dedicated policy labs/reviews...
- **Portico** (Knowledge sharing platform)
 - Knowledge hub | Urban panorama
 - Urban practices database | Expert database
 - Community | Country specific pages

Urban Agenda for the EU – ongoing Partnerships

- **Multi-level** working method, for urban policy and practice, promoting cooperation between Member States, cities, the European Commission, and other stakeholders
- Focused on **#BetterRegulation**, **#BetterFunding** and **#BetterKnowledge**
- Implemented through thematic partnerships

**EUI
Innovative
Actions**

Innovative Actions

- **Ambition:** to foster the **deployment of proof-tested urban innovations** across the EU and to provide opportunities for cities, as enablers of innovation, to take the risk to turn ambitious and creative ideas into **pilot projects** that can be **tested in real urban settings**
- Call 1 on New European Bauhaus demonstrators (closed)
- Call 2 on Greening cities / Sustainable tourism / Harnessing talents in shrinking cities (closed)
- **Call 3** on **Energy Transition / Technology in Cities** (ongoing)
- Call 4 – new, smaller-scale format (TBC)

EUI-IA online guidance

EUI Innovative Actions (EUI-IA)

➤ Key aspects:

- Projects on sustainable urban **innovation**
- **local pilots** (experimental character, implementation aspect)
- **city-led, participative** character (**quadruple helix partnership** led by an urban authority)
- **transnational** transfer component
- **80% ERDF co-finance rate** (20% own contribution; max grant: EUR 5 mio)
- extensive use of **simplified cost options**

MAIN FEATURES OF an EUI-IA solution

1

INNOVATIVE

2

OF GOOD QUALITY

3

PARTICIPATIVE

4

MEASURABLE

5

SUSTAINABLE
AND SCALABLE

6

TRANSFERABLE

EUI-IA Key Aspects – INNOVATION

- pilot projects that have never been tested anywhere else in Europe
- **experimental** and hence **risky**, consequently **not likely to be funded by traditional or mainstream sources of funding**
- the innovativeness of the proposed solution can be understood as an **evolutionary approach** where the innovation lies in the **new elements added to the existing idea**, or as a **revolutionary approach** with **completely new solutions**
- **good and relevant benchmarking of** the proposed solution **against existing practices/projects/trends** is key!
- EUI-IA projects **must go beyond pure research and studies** – proposed solutions need to be **piloted** and **tested** in a real-life, **local urban context**

EUI-IA Key Aspects – PARTNERSHIP (1/3)

- **local** and **city-led** partnership - only an **eligible Urban Authority** can submit a proposal
- all eligible authorities and Project Partners must be located in the EU
- city ownership
 - multidimensional meaning – applying urban authorities **lead the partnership**; they **own the proposed idea/solution**; legal **ownership of investment sites/localities**
- **quadruple helix** (Academia, Industry, Community/Society, Government/Policy) concept & **participative approach**

EUI-IA Key Aspects – PARTNERSHIP (2/3)

- **balanced, complementary**, promote horizontal & vertical integration
- no transnational partnerships expected (except for Transfer Partners), unless specific competencies are needed and justified
- a given Urban Authority (MUA or AUAs) cannot be involved in more than 1 application per Call for proposals (Delivery Partners have no such restrictions)
- cooperation formalized in a Partnership Agreement

EUI-IA Key Aspects – PARTNERSHIP (3/3)

- Partner categories (Sections 1.5 & 2.1 of the [Guidance](#)):
 - **Main Urban Authority (MUA)**
 - **Associated Urban Authority (AUA)** – in case multiple urban authorities apply; **urban authorities only**
 - Delivery Partners – any other organisations (private sector, NGOs, academic institutions, etc.) needed for successful implementation
 - Transfer Partners – **urban authorities only** from **different member states than the MUA**

EUI-IA Key Aspects – TRANSFER COMPONENT (1/2)

- The selected solutions address urban challenges that can be **relevant to other urban authorities in Europe** and applicable to other local contexts (Section 5 of the [Guidance](#))
- Based on lessons drawn from the project and shared to a wider audience of policy makers and practitioners, the Innovative Actions have the potential of being **scaled** and **transferred to other urban areas across Europe**.

EUI-IA Key Aspects – TRANSFER COMPONENT (2/2)

TRANSFER PARTNERS

- **Urban Authorities** joining the Project Partnership to follow and learn from the experimentation and interested in replicating the innovative solution
- **3 Transfer Partners** originating **from other Member States** than the MUA, located in the EU
- at least two of the four cities involved (Main Urban Authority + the 3 Transfer Partners) are located in *less developed* or *transition* regions
- Local Administrative Unit defined according to the degree of urbanisation (**DEGURBA 1 or 2**)
- **no minimum number of inhabitants** required
- **active role in the Transfer Work Package** (compulsory outputs)
- dedicated **fixed budget** (EUR 120 000 ERDF lump sum) and co-financing (EUR 30 000; own contribution)

**Main Urban
Authorities**

Role of the Main Urban Authority

- Responsible for the **overall implementation and management** of the project
- **Strategic leading role** in the development of the EUI-IA
- Bears the entire **financial and juridical responsibility** vis-à-vis the Entrusted Entity
- **Directly involved** in the experimentation
- **Chairing the Project Partnership**
- **Dedicated budget** and co-financing

**Delivery
Partners**

The diagram features a central circle with the text "Delivery Partners" inside. Two curved arrows form a continuous loop around the circle: a teal arrow on top pointing clockwise and a dark blue arrow on the bottom pointing counter-clockwise. Two horizontal lines extend from the left and right sides of the circle, one dark blue and one teal, each ending in a rounded square shape.

Role of the Delivery Partners

- **Active role** in the implementation of the project
- Mix of relevant Partners (Institutions, higher education institutes, sectoral agencies, NGOs, private sector...) that are needed to deliver the proposed solution (quadruple helix concept)
- Key organisation able to bring knowledge and expertise into project design & implementation
- Responsible for the delivery of specific activities and of the related deliverables/outputs
- **Dedicated budget** and co-financing
- To be selected through fair and transparent procedures
- Any organisation having **legal personality**, except:
 - Consultancy firms having as primary objective the development and management of European projects, and
 - Organisations with no staff budgeted (only declaring external expertise costs)

Partnerships with more than 10 partners may require extra efforts and resources to ensure an effective management!

**Transfer
Partners**

The diagram features a central circle with the text "Transfer Partners" in a bold, teal font. Two curved arrows, one teal and one dark blue, form a continuous loop around the circle. The teal arrow starts from the left, curves upwards and to the right, ending with a teal arrowhead pointing towards the top right. The dark blue arrow starts from the right, curves downwards and to the left, ending with a dark blue arrowhead pointing towards the bottom left. The two arrows meet at the top and bottom of the circle, creating a clockwise cycle.

Role of the Transfer Partners

- **Urban Authorities** joining the Project Partnership to follow and learn from the experimentation and interested in replicating the innovative solution
- **3 Transfer Partners** originating **from other Member States** than the MUA, located in the EU
- at least two of the four cities involved (Main Urban Authority + the 3 Transfer Partners) are located in *less developed or transition* regions
- Local Administrative Unit defined according to the degree of urbanisation (**DEGURBA 1 or 2**)
- **no minimum number of inhabitants** required
- **active role in the Transfer Work Package** (compulsory outputs)
- dedicated **fixed budget** (EUR 120 000 ERDF lump sum) and co-financing (EUR 30 000; own contribution)

**Wider group of
Stakeholders**

Role of the Wider group of Stakeholders

- Local communities, social partners, business, NGOs, experts, institutions, organisations, individuals, project's target groups that **may influence or be influenced by the project**
- No official status of Project Partners
 - **No active role/** responsibilities
 - **No dedicated budget**
- Recommended to be involved in the design and implementation of the project to ensure a smooth project delivery and maximize sustainability (**co-creation**)
- Projects shall design **structured mechanisms** to ensure their effective involvement (clearly explained in the AF)

Identifying stakeholders, understanding their influence on the EUI-IA project, and balancing their needs and expectations are critical to the success of the project!

**Eligibility
Conditions**

Which Urban Authorities can apply (Sections 1.5 & 2.1 of the Guidance)

1

Individual Urban Authorities

Any eligible Local Administrative Units
E.g. Municipalities, Districts (in case of some larger cities)

2

Organised agglomerations

Any eligible organised agglomerations
E.g. Métropoles (FR), Mancomunidades (ES), Città Metropolitane (IT), Landkreis (DE), Comunidades Intermunicipais (PT)...

3

Association of individual urban authorities applying jointly

Any eligible group of urban authorities willing to submit a project together.
E.g. 3 (contiguous) municipalities willing to apply jointly to address a similar challenge

1

Wide group of stakeholders

2

Wide group of stakeholders

3

Wide group of stakeholders

What defines an eligible MUA?

1

Local Administrative Unit (LAU) or a grouping of LAUs

2

Population > **50 000 inhabitants**

3

Degree of Urbanisation (DEGURBA 1 or 2): cities, towns or suburbs

Reference document:

[EUI-IA Correspondence table](#)

**Selection
process**

3 Steps Selection Process

Eligibility Check

- **10 requirements, among which:**
 - The AF has been submitted on time and is completely filled-in
 - Urban authorities applying are eligible
 - Urban authorities are only involved in one proposal in the call
 - Eligibility period, budget requirements, co-funding principle are respected
 - All partners are located in the EU
 - The signed confirmation sheet has been submitted

Strategic Assessment Criteria

➤ **Innovativeness and relevance (30%)**

To what extent is the applicant able to demonstrate that the project proposal is a new solution that has added value in relation to the topic of the Call? To what extent is the solution relevant to the local context and to Cohesion Policy objectives?

➤ **Partnership and co-creation (12%)**

To what extent is the Partnership relevant and solid to implement the proposed solution and achieve expected results. To what extent the proposal allows meaningful participation and co-creation from stakeholders, target groups and citizens?

➤ **Measurability of results and impact (12%)**

To what extent are expected results specific and realistic, and reflecting project expected impact on the local context, as well as beneficiaries/end users?

➤ **Sustainability and up scaling (8%)**

To what extent will the project provide a durable contribution to address the identified challenge?
To what extent the proposed solution will be self-sustainable beyond its end date and has the potential to be up scaled if proven successful?

➤ **Project's transferability (8%)**

To what extent will the project have the potential to be transferable to other urban areas across Europe?

Operational Assessment Criteria

➤ **Project Design and Logic (12%)**

To what extent are Work Plan elements (activities, deliverables, outputs, indicators) complete, realistic, consistent and coherent? To what extent will the proposed project design lead to the achievement of objectives and expected results?

➤ **Project feasibility and operational readiness (8%)**

To what extent the proposal demonstrates to be feasible (to be implemented within the given time-frame) and operationally ready?

➤ **Organisational arrangements and operational capacity (5%)**

To what extent are management and communication activities appropriate and supporting the overall implementation of the project?

➤ **Budget (5%)**

To what extent is the budget coherent and proportionate?

Funding Principles

Total costs principle (1.8.1)

- EUI follows the **total costs principle**. Whilst the project receives **ERDF co-financing up to 80%** of the eligible costs, every Partner (MUA and AUA, Delivery Partners and Transfer Partners) receiving ERDF needs to secure **20% at least of public or private contribution** to complete its budget either **from its own resources or from other sources, in cash or in kind**.
- **The contribution cannot come from another EU funding source**

	%	BUDGET
ERDF	80% maximum	EUR 5 Mio maximum
Contribution • Cash and/or in kind • Public or private • Own resources or not	20% minimum	EUR 1.25 Mil (ERDF rate = 80%)
Total	100%	EUR 6.25 Mil

Other financial rules

In-kind contribution (7.5.3)

Principle

- Non-cash contributions which have a monetary value, but given free of charge to the project
- E.g. Provision of goods, real estate, land (max 10%), volunteers, equipment, services, rents...

Requirements

- Necessary to carry out the project and achieve the project objectives
- Not previously paid for/ co-financed by EU funds
- Value independently assessed by an expert
- Limited to maximum 20% of the budget
- Eligible provided included in the Application Form (both in the Contribution section + Work Plan budget)

ERDF payments (1.8.2)

Overall functioning

EUI-IA payment scheme

- Mainly based on the principles of **advance ERDF payments**

	First ERDF payment	Second ERDF payment	Third ERDF payment
When	Within 90 days from the successful completion of the Initiation Phase	During the project implementation - After the submission and approval of a Financial Claim 1	After the project implementation - After the submission and approval of a Financial Claim 2 (+ 4 th Annual Progress Report and Final Qualitative Report)
Type	Advance payment	Advance payment	Reimbursement
How much	50% ERDF grant	30% ERDF grant	Maximum 20% of the ERDF grant
Included	Lump sums for preparation and Initiation Phase		Lump sum for closure

Cost Categories

Cost Categories (7.2)

Category	Option 1	Option 2
Staff Costs	Flat rate – 20% of direct costs	Standard scale of unit costs – calculation of hourly rate by each PP
Office & Administration	Flat rate -15% of the staff costs	
Travel & Accommodation	Flat rate - 5% of the staff costs	
External Expertise & Services	Real cost	
Equipment	Real cost	
Infrastructure & Construction works	Real cost	

Overview of EUI-IA Project Lifecycle

SELECTION:

- Call Launch
- Submission of Application Forms (**100% paperless** – [Electronic Exchange Platform \(EEP\)](#))
- Call Closure
- Eligibility Assessment
- Strategic Assessment (70%)
- Operational Assessment (30%)
- Selection Committee decision

IMPLEMENTATION:

- *(Preparation Phase) – covered by lump-sum; ends with approval of project for funding Project*
- **Initiation Phase** – 6 months starting with official approval of the project, covered by lump-sum
- **Implementation Phase** – 3.5 years
- **Administrative Closure** – 3 months starting with the official end date of the project, covered by lump-sum

PROJECT PHASES

EUI-IA Call 1 – Project Example

Project Name: Green infrastructure InterACTIVE management and regeneration tested through River Drava Forest Park in Varaždin

Project Acronym: [InterACT Green](#)

Total Budget: EUR 5,166,425.60

ERDF: EUR 4,133,140.48

Duration: 01/03/2024 - 31/08/2027

Partnership:

- **MUA:** Grad Varaždin
- **AUA:** Grad Ludbreg
- **Delivery Partners:** Faculty of Organisation & Informatics (FOI), Croatian Forest Research Institute. Public Institution "Nature of Varaždin County", Varaždin Tourist Board
- **Transfer Partners:** Municipality of Kamnik (SI), Municipal Association for Tourism in Sierra Espuna (ES), Municipality of Nyiregyhaza (HU)

Contacts: Slađana Miočić d.i.a., pročelnica Upravnog odjela za gospodarske djelatnosti/Head of Department of Economic Affairs, tel: +385 42 658 012; fax: +385 42 658 021; e-mail: sladana.miocic@varazdin.hr

Overview of EUI-IA Calls for Proposals (1/2)

CALL 1:

- topic: **New European Bauhaus**
- budget: **EUR 65 Mio ERDF**
- Call launched on 10 October 2022 and **closed** on 19 January 2023;
14 projects selected for funding
- implementation period: **March 2024 – August 2027**

CALL 2:

- topics: **Greening Cities, Sustainable Tourism, Harnessing Talents in Shrinking Cities**
- budget: **EUR 120 Mio ERDF**
- Call launched on 31 May 2023 and **closed** on 5 October 2023; strategic & operational assessment under way
- implementation period: **December 2024 – May 2028**

Overview of EU-IA Calls for Proposals (2/2)

CALL 3:

- topics: **Energy Transition & Technology in Cities**
- budget: **EUR 90 Mio ERDF**
- Call launch: **6 May 2024** (close in October 2024)
- implementation period: **October 2025 – March 2029**
- **Urban authorities already supported in an approved project** by the EU-IA in the framework of a previous Call for Proposals **cannot submit** a new Application Form.

CALL 4: new format

EUI-IA Call 3

Topic 1: Energy Transition

- Under the topic 'energy transition', the European Urban Initiative aims at supporting the testing of transferable and scalable innovative solutions in real-life settings for economically viable, smarter and more integrated local energy networks, zero carbon and demand driven while empowering citizens and stakeholders to accelerate the transition.
- Prompts:
 - Minimizing the energy demand
 - Diversifying local energy sources
 - Deploying smart and integrated local energy systems
 - Maximizing multi-stakeholder and citizens' engagement
 - Boosting jobs and skills for the energy transition

EUI-IA Call 3

Topic 2: Technology in Cities

- Under the topic 'technology in cities' the European Urban Initiative aims at supporting the testing of innovative solutions powered by new technologies in real life settings for better services to citizens and/or for boosting local authorities' capacities to offer these services, via experimentations that could be replicated at a wider scale with the help of the Cohesion policy investments.
- Prompts:
 - Ensuring better and adapted public services
 - Consolidating the multilevel and multistakeholder governance, ensuring an effective participatory democracy and stimulate innovation and competitiveness
 - Mastering the digital transformation, local data collection and sharing while ensuring the highest standards for data privacy
 - Perfecting the Spatial planning and land use and industrial zoning
 - Ensuring better services, digital and physical accessibility, and inclusion of persons with disabilities and older population
 - Safe, secure and resilient cities
 - Strengthening prevention and mitigation of natural and man-made disasters
 - Ensuring food security in urban and functional areas
 - Cybersecurity

EUI-IA Call 3 Support to Applicants

Support to Applicants (all information/registration links are available on the [EUI website](#)):

- **Online Q&A Sessions**
 - Thursday 6 June 2024, 10.00 – 11.00 CEST
 - Thursday 20 June 2024, 10.00 – 11.00 CEST
 - Thursday 4 July 2024, 10.00 – 11.00 CEST
 - Thursday 18 July 2024, 10.00 – 11.00 CEST
 - Thursday 29 August 2024, 10.00 – 11.00 CEST
 - Thursday 12 September 2024, 10.00 – 11.00 CEST
 - Thursday 26 September 2024, 10.00 – 11.00 CEST
 - Thursday 10 October 2024, 10.00 – 11.00 CEST
- **Applicant Seminars (in-person)**
 - 13th June 2024 Bucharest, Romania
 - 27th June 2024 Prague, Czech Republic
- **Application Form Workshop (in-person)**
 - 10th September 2024 Brussels, Belgium
- **Online 1-1 Consultations**
 - Dates and registration to be published in June 2024
